Single Wall Hot Cups

Our popular Villa hot cups are the right solution for your hotel or café customers. Our cups are made from the highest quality paper and are poly-coated lined that resists condensation accumulation, and maintains the integrity of the walls. The cup has a tightly rolled rim that provides mess-free sipping and creates a tight and secure seal when used with a compatible lid. Our cups come in bulk packs for 8oz., 10, and 12oz. and individually wrapped 10oz for hotel in-room coffee service. All cups are recyclable where facilities exist.

STOCK#	DESCRIPTION	CARTON QTY

Double Wall Hot Cups

This dual layer product shares the same great features of the single wall cups, with the added benefit of an air pocket of insulation. It keeps beverages hot and hands at a comfortable temperature. Cups come in bulk packs for 8oz., 10, and 12oz. and individually wrapped 8oz. Our lids can be used with the single wall and the double wall cups. All cups are recyclable where facilities exist.

GL1016L	White flat tear back lid for 10 -16 oz. hot cups	1000
GL1012L	Black Dome Lid for 10-16 oz. hot cups	1000

Kraft Coffee Sleeves

Avoid burns, spills, and splashes from hot coffee or tea. Using a sleeve allows customers to avoid holding their hot beverage by the lid.

These cup sleeves are made from corrugated kraft paper to allow for lightweight and effective protection. They are shipped flat, for easy shipping and storage and plain on one side—perfect for writing customers' names.

These sleeves are able to fit many standard coffee cups.

STOCK#	DESCRIPTION	CARTON QTY
GLHC2S	Kraft Coffee Sleeve for 10 - 16 oz. hot cups	1000

PLA Hot Cups and Lids

These compostable paper cups are coated with Ingeo™ for a leak-proof lining. Ingeo™ is derived from plants grown in the USA. These cups can withstand temperatures of up to 220°F/104°C.

We stock 8 oz. and 10 oz. cups and matching PLA lids. Other sizes available upon request.

STOCK#	DESCRIPTION	CARTON QTY

GL10PLA	10 oz. PLA hot cup - bulk	1000
GL10PLAL	90mm PLA Dome Lid for 10 oz Hot Cup	1000

Clear PET Plastic Cold Cups and Lids

Our very popular clear plastic drinking cups are now being produced using environmentally preferable food grade PET material! With unmatched clarity and excellent durability (they are crack resistant) our clear disposable beverage cups are great for holding cold drinks, parfaits, salad shakers along with cut vegetables, fruit and so much more.

These single-use plastic cups are 100% recyclable. We offer clear flat or dome lids that fit the four standard cup rim dimensions available (2 lids work for all 4 cups). Yet the rims are designed with a smooth lip, so customers can safely drink straight from the cup.
